# CHAMBERLAIN DECLARES AGAINST PROTOCOL

## NO SCHOOL PARADE IN MIDSUMMER CARNIVAL UNLESS HELD DOMINION DAY

School Board Positively Refuses Sanction to  
Disturbance of Examinations; Mid-July Carnival  
Too Late for Schools' Participation Trustees Agree.

"Demonstrations and street parade of the midsummer carnival supplementary to Victoria Day ceremonies, must be held on July 1, Dominion Day, or the schools, as organizations, will not participate" was the ultimatum which the Victoria School Board last night flung at the organizing committee in charge of arrangements.

Municipal Inspector George H. Deane found the school board unanimous in agreement that disaster would face twenty-five per cent of the children sitting for examinations, should the celebrations be held earlier. Any later date would be too far advanced into the summer holidays to enable the teachers to effectively organize their classes for a demonstration.

### THOUSANDS OF CHILDREN

Mr. Deane stated the participation of the schools in the big carnival has been discussed with care by himself and the principals of the schools. He had found great enthusiasm for an on mass turn-out of all classes, with thousands of pupils parading. The question was gravely involved by the fact that the schools close on June 27, and most important examinations, during the preceding weeks, require the closest attention of all pupils. Advancement in classes depends directly upon the concentration of the children on their lessons, and therefore the teachers were unanimously opposed to any parade while the examinations are in progress.

### TAKE POSITIVE STAND

"The principals and their teaching staffs will be glad to make preparations for, and undertake supervision of, a school children's parade on Dominion Day, July 1, but will have nothing to do with any celebration held before that date, or on any day later in July," said Mr. Deane.

(Continued from page 4.)

## TWENTY SHIPS TO OPERATE ON LOW RATES

Canadian Government Merchant Vessels Included in Atlantic Plan

Federal Ministry Determined Freight Will Soon Move More Cheaply

By Times Staff Representative  
Ottawa, March 12.—Whether the Petersen ship subsidy scheme is voted down by the Conservatives in the Senate or not the King Government will launch a vigorous move this year to reduce freight rates on the Atlantic.

Already preliminary plans, for massing at least twenty Government Merchant Marine ships on the Atlantic and operating them at heavily reduced rates are being made here, it was learned to-day.

This fleet will be ready if the Petersen scheme goes into effect as the Government plans, the Government Merchant Marine ships will be operated on low rates any way to create even greater competition for the vessels of the North Atlantic Shipping Conference.

### A LIMITED LIST

The Government ships will carry only a limited number of commodities, rates on which are now particularly high. In this way the Government believes the combine will be hit harder than if an attempt were made to reduce rates on all freight moving across the Atlantic.

## PARTY CARRIES OUT PLANS OF LATE DR. SUN

Followers of Late Leader  
Deny They Will Break Into  
Factions

Picturesque Chinese Party  
Head Died in Peking of  
Cancer

Peking, March 12.—Dr. Sun Yat Sen, upon whose head the Manchukuo dynasty fixed a price of \$200,000 when he was campaigning for the republic in China, died here this morning of cancer of the liver. He was sixty-three years old.

The death of Dr. Sun will not affect the affairs of the Kuomintang Party, comprising followers of Dr. Sun, leaders of the party said to-day.

After leaving the room in which they heard their leader's death, the party members were said to be preparing a circular telegram to the provinces announcing the death of Dr. Sun.

### MANY ACTIVITIES

Called "China's Man of Destiny" by many, Dr. Sun Yat Sen was identified with almost every phase of public life in his country. He was first President of the Republic, created in 1912, and in recent years he had maintained an administration styled the Southern Government of China at Canton.

The leaders denied a report that a serious split was impending in the party.

### BOY IN VANCOUVER INJURED BY TRUCK

Vancouver, March 12.—A few feet away from the spot where seven-year-old Salvatore Nino suffered fatal injuries last Thursday, Sam Kabatoff, a youngster of about the same age as Salvatore, had a narrow escape from death beneath the wheels of a truck yesterday afternoon.

The lad suffered a cut on the right leg when he was knocked down by the truck. He was taken to his home and later removed to St. Paul's Hospital, where it is said his condition is not serious.

### Bargain Hunting Throng Broke Down Floor in Vancouver

Vancouver, March 12.—Twelve persons were slightly injured when the tile flooring at the entrance to Sam Scott's store on Granville Street here gave way this morning when the store was mobbed by hundreds of bargain hunters.

SEVERAL THOUSAND PEOPLE ATTENDED HOSPITAL OPENING CEREMONIES;  
HERE IS A SECTION OF THE CROWD BEFORE SPEAKERS' PLATFORM

## THOUSANDS OF CITIZENS WISH SUCCESS TO NEW JUBILEE HOSPITAL WING

Premier Oliver Opened Handsome Building; Dedication by Bishop of Columbia; Congratulatory Addresses.

A new era in the history of the Provincial Royal Jubilee Hospital was ushered in under the happiest auspices yesterday afternoon when a crowd, estimated varying at between three and four thousand greeted the formal opening of the new wing with a salvo of cheers. The public's interest in the occasion exceeded the rosiest anticipations of the hospital authorities and for more than three hours the new building was jammed with an apparently endless stream of sightseers, all anxious to give their benison of good wishes to the institution which one of the speakers at the opening ceremonies declared to be "second to none of its size in Canada."

### HUGE CROWDS

For an hour before the scheduled opening at 3 o'clock the hospital was the Mecca of citizens from all parts of Victoria and the surrounding districts, while many former patients and well-wishers from island districts helped to swell the throng. So dense was the stream of motors that special police regulations were necessary to prevent undue congestion, while an augmented street car service contributed a steady quota of passengers. By the hour of 3 o'clock a solid mass of humanity was packed in front of the platform which had been erected before the main administration building. The smiling sun added a final touch of cheer to the proceedings.

On the platform were seated the Premier, the Bishop of Columbia in his ecclesiastical robes, Mayor Pen-dray, the entrance to the adjoining

## 25,000,000 POUNDS OF SUGAR CANE BURNED IN CUBA DURING BIG STRIKE

Havana, March 12.—Reports to El Mundo to-day say sugar cane amounting to 25,000,000 pounds has been burned in Cuba during the last few days. Near Maniquite, the paper says, authorities are investigating several burnings.

Several mills have shut down owing to the strike of cane growers, who demand increased percentages of sugar on the cane they deliver to the mills, the stories say.

## Veterans Raise Fund For Nova Scotia Miners' Relief

Ottawa, March 12.—(Canadian Press)—An immediate appeal for funds to alleviate distress among ex-servicemen and dependents in the coal mining areas where work has ceased in Cape Breton, was decided upon at a conference of Great War Veterans' Association representatives from all the provinces in Ottawa to-day.

## ALBERTA M.P.P.'S ARE STANDING FOR REFORM OF SENATE

Resolution Was Passed at  
Sitting of Legislature in  
Edmonton

Edmonton, March 12.—The Legislature of Alberta is now on record as favoring Senate reform, and also as supporting the suggestion made in the House of Commons that the Parliament of Canada be empowered to amend the British North America Act.

There was no active opposition to the resolution when it was introduced by W. M. Davidson, Independent, Calgary. All the speakers agreed that some form of Senate reform was necessary. Some even went so far as to advocate abolition of the Senate, while others suggested a limitation of its powers.

The debate took place yesterday.

## ETHEL BARRYMORE ILL IN KANSAS CITY

Kansas City, Mo., March 12.—Slight improvement was noted to-day in the condition of Miss Ethel Barrymore, who is confined to her hotel here, ill with arthritis, it was announced.

## HERE TO MAKE VICTORIA PART OF SEVEN REEL SUPER PICTURE

Edward Sloman, Director of Great Universal Film Company Arrives With Manager and Cameraman; Shows Enthusiasm for Climate and Scenery for Moving Picture Purpose; Seeks Twenty Sail Boats for Fishing Story Which May be Taken in Vancouver Island Waters.

Edward Sloman, director of the Universal Film Company, of Universal City, Cal., will bring a company of thirty or more film actors and actresses to Victoria and shoot the opening scenes of a seven-reel super picture, costing \$250,000 in the Vancouver Island waters; if he is successful in his efforts to secure twenty sail boats which will appear in the picture as fishing boats.

## 20,000 BOATS

"I have got to have twenty boats or more, two-masted schooners, forty to sixty feet long. They appear to be difficult to get because of the rise of the water boat. But I must have them. The picture shows the Nova Scotia fishing fields with the boats starting off and the boats returning. The whole romance will be turned without the sail boats. As you probably know in the moving pictures we have to faithfully portray the picture. Thousands of critics will write and question any little inaccuracy that creeps into a film."

## GERMAN PRESIDENT SWORN IN TO-DAY

Berlin, March 12.—Dr. Walter Simons took the oath to-day as Acting President of the German Republic to succeed the late President Ebert.

## NO WILL DIVIDES PUGSLEY ESTATE

St. John, N.B., March 12.—Hon. W. S. Pugsley, whose death occurred in Toronto recently, died without leaving a will, it was stated to-day by one who was in close touch with him.

## GENEVA SECURITY PLAN IS REJECTED BY BRITAIN AND DOMINIONS, LEAGUE IS TOLD

Address of British Foreign Secretary Stirrs Opinion in League Circles More Deeply Than Any Other Geneva Declaration Since Association of Nations Founded; Chamberlain Says Special Defensive Arrangements Operated Under League Guidance Are Best.

Geneva, March 12.—No political oration since the founding of the League of Nations has stirred opinion in League circles as has the address delivered to-day by Austen Chamberlain, British Foreign Secretary, utterly rejecting the Geneva Peace Protocol. He not only flayed the protocol, which he described as asking for war rather than peace, but discarded the idea of compulsory arbitration.

Mr. Chamberlain affirmed, in effect, that the only way of obtaining security for nations was the conclusion of special defensive arrangements framed in the spirit of the covenant and operating under League guidance.

## NEXT WEEK ROBB PLANS TO DELIVER BUDGET SPEECH

Ottawa, March 12.—The budget will be brought down next week, as soon as the debate on the Petersen ship subsidy contract is concluded. It would have been brought down this afternoon if that debate had been finished, the Premier told the House to-day.

Expectations point to Tuesday or Thursday next as budget day.

The comment most often heard in the League corridors after the speech was that it would set back the movement for international co-operation, would encourage reactionary and nationalistic elements in all countries and be liable to influence Europe to return to the old system of dangerous alliances.

## SAYS METHOD IS WRONG

Geneva, March 12.—Amendment and interpretation may in themselves be desirable, but the British Government cannot believe the protocol as it stands provides a suitable method of attempting the task, declared Austen Chamberlain, British Foreign Secretary, in a long discourse on the famous plan for security and disarmament before the Council of the League of Nations to-day. Mr. Chamberlain, in emphasizing the position taken by Canada and the self-governing units of the British Empire, made it clear that the British attitude toward the protocol was that of the Empire and resulted from consultation and close co-operation between the Dominion and the Mother Country.

The British Foreign Secretary made his address before a chamber so closely packed that there was scarcely breathing space.

### Views of Dominions

One of the most important features of Mr. Chamberlain's address was his statement that telegraphic communication with the Dominions and India showed that Canada, Australia, New Zealand, South Africa and India were also unable to accept the protocol. He was not yet in possession of the views of the Irish Free State. After emphasizing the sympathy that existed throughout the Empire with any effort to improve the international machinery for world peace, Mr. Chamberlain said successfully a similar address in Great Britain, with the full approval of the self-governing Dominions, not only had in the ordinary favored arbitration, but had actually disarmed, and that the British Empire was not only a full safety. They had taken full part in creating and supporting the League of Nations and the Permanent Court of International Justice, while the immense sacrifices they had made in the cause of general security were matters of recent history.

### NOT IN OPPOSITION

If, therefore, continued Mr. Chamberlain, after consulting the Dominions, Great Britain saw insuperable objections to signing and ratifying the protocol in its present shape, this was not because she felt herself out of harmony with the purposes of the protocol was intended to serve or was opposed in principle to plans for clarifying the meaning of the League of Nations Covenant or strengthening its provisions.

### SPECIAL ARRANGEMENTS

After detailing the British Empire's objections to the protocol, Mr. Chamberlain said that since the general provisions of the covenant could not be amended with advantage, and since the British Empire believed the best way of dealing with the situation was by co-operation with the League of Nations to supplement the covenant, by making special arrangements in order to meet special needs.

## Bulgaria Asks Leave to Recruit A Larger Army

Sofia, Bulgaria, March 12.—Bulgaria has asked the permission of the Council of Ambassadors to mobilize 4,000 soldiers over and above the military establishment allowed in the peace treaty, with the object of being prepared for a possible Communist uprising.

## PATTULLO WARNS VANCOUVER OF OVER \$1,000,000 WASTE

Water Issue Revived as Adjacent Municipalities Appeal to Him For Protection

The Hon. T. D. Pattullo, Minister of Lands, asserted to-day that some of the municipalities adjacent to the city of Vancouver are apparently much exercised over the water situation and are appealing to the Provincial Government for protection.

Yesterday the Minister received a further communication from the Reeve of South Vancouver, in which it was pointed out that up to date no communication whatever had been received from the city by the corporation of South Vancouver informing South Vancouver as to their contemplated programme. The Reeve of South Vancouver also expressed grave concern as to the future and is apprehensive that it is the intention of the city of Vancouver to compel South Vancouver to pay higher rates beginning in 1927, the date of the expiry of the present agreement. South Vancouver also expressed grave concern as to the future and is apprehensive that it is the intention of the city of Vancouver to compel South Vancouver to pay higher rates beginning in 1927, the date of the expiry of the present agreement. South Vancouver also expressed grave concern as to the future and is apprehensive that it is the intention of the city of Vancouver to compel South Vancouver to pay higher rates beginning in 1927, the date of the expiry of the present agreement.

## Our Spring Millinery Opening Continues Friday and Saturday

## Our Spring Millinery Opening

Brings You Into Close Association With the Season's Most Popular Modes and Effects

Now, just as the bright days of Spring are gladdening the land, bringing with them a desire for new apparel and new modes, we invite you to come and view our first display of the Season's new millinery. Hundreds visited the display yesterday and voiced their appreciation of the great assembly of hats in words that fully convinced us that we have chosen from both foreign and home designers, modes to please every individual taste.

The styles are so varied and so becoming to individual type, that all may choose readily, a hat most suitable, in shades most appropriate. For the youthful type are the high crown, short back, slightly poke models with ribbon trimmings—hats that express smartness and are most distinctive.

For matrons there are, every type the heart could desire. The materials of the best, the trimmings and color combinations most perfect. This season the shades that stand out most prominently are ombre, natter blue, flame, burnt, thistlebloom and almond.

It is impossible to give you a detailed description of the numerous models on display but you are invited to visit the department and inspect this most complete display to your heart's content. Prices range from

\$2.50 to \$27.50

And Upwards

## NEWS IN BRIEF

A card party will be held this evening by the Craighflower Parent-Teacher Association in the Craighflower School, commencing at 8 o'clock.

At the close of the case in the Saanich Police Court yesterday afternoon, French was fined \$75 on a charge of keeping liquor at an inn in other than a private guest room.

Ward One Liberals will meet on Monday night at 8 o'clock in the Liberal room, corner of Government and Broughton streets. All those interested are invited to attend.

The Victoria Orchestral Society was last night granted permission to use the High School Auditorium for the concert now being organized. The date of this concert is to be arranged with Principal Smith.

The insurance carried on the Quadra Street School being declared inadequate by the finance committee of the City School Board, an increase of \$11,000 was last night authorized, this doubling the protection.

W. R. Menzies & Company last night bid \$18 for the plumbing work at the Spring Ridge School and were awarded the contract by the School Board, being the lowest bidder of five firms tendering.

The Imperial Veterans have appointed Comrades Chevalier, Creswell and Palmer as a committee to represent their unit in the discussion on the "Oriental Problem," at the Sons of Canada Hall on Monday, March 23.

In a collision with a street car while cycling Wong Gung sun, a Chinese, was injured at the corner of Bay and Government streets, at 1 p.m. to-day. He was taken to the Jubilee Hospital after a police car had rendered first aid.

If the Victoria West Parent-Teacher Association will contribute \$25 towards the maintenance of the Victoria West School library, the School Board will contribute an additional \$25 this year, the trustees last night decided.

A meeting of the Saanich Ratepayers will be held to-night at the Royal Oak School at 8 o'clock. Alderman Woodward and R. E. Collis will speak on the "Taxation of Municipalities." All ratepayers are invited to attend.

The general meeting of the British Columbia division of the Canadian Red Cross Society will be held at 3 p.m. on Tuesday, March 24, in the Blue Room at the Vancouver Hotel, Vancouver. All members of the society and those interested in the work are invited to be present.

## WELSH MEETING

The Victoria Cymroderion Society met last evening in Harmony Hall, the president, J. M. Thomas, being in the chair. After the president had drawn the attention of the gathering to the various activities of the past year, David Evans, secretary-treasurer, presented his report. The election of officers was only partly carried out. David Evans, who has been elected president for the ensuing year, W. P. Jeune temporarily acting as secretary. Last year's officers: J. Jones, first vice-president; Mrs. Bricker, second vice-president; Mr. Morgan, Mrs. Lewis, Mr. Williams, Mr. Thomas, Mrs. Evans, secretary; Mr. Thomas, Mrs. Evans, pianist; Mr. Mason, were thanked for their services.

Mr. Jeune entertained with a moving picture show of scenes on the Canadian National Railway through the Rockies and a comic reel. Refreshments were served under the direction of Madames Lewis and Williams.

The City School Board has made an experimental purchase of ten cords of wood cut at Elk Lake by employees of the council unemployed committee. The wood is to be tested at the Boys' Central School, and if found satisfactory the board is prepared to purchase 100 cords, the price being \$5.70 per cord.

The Victoria Orchestral Society will give its first concert of the season on Friday, April 3, at a place to be announced later. The society has been practicing assiduously under the baton of W. A. Willett of the Cowichan Amateur Orchestral Society, who is acting as conductor, and a very fine performance is promised for the concert.

Thirty Saanich business men last night organized the Saanich Merchants' Association at a meeting held in St. Mark's Hall, Boleskine road. W. Thomas was elected president and J. Patterson was appointed temporary secretary. The association determined to strongly contest the collection of a business tax by Saanich, and will send a strong delegation to to-morrow evening's session of the council to present the views of the merchants of the district.

Trustee Beckwith last night glowed with enthusiasm as he scanned school attendance records for February, presented to the School Board at the regular monthly session. Scarcely a dozen classes have fallen below the high average of ninety per cent in attendance throughout the month, many running as high as ninety-five per cent, and when the attention of Chairman Jay and the remainder of the board was drawn to the report, broad smiles of pleasure beamed around the table.

TUBERCULAR VETERANS  
The Victoria Branch Tuberculosis Veterans' Association will hold its general meeting on Monday, March 16, at the clubrooms, P. R. Brown Building. The meeting will start at 8 p.m.

**Don't Suffer With Piles**

No matter if you have had piles for years, Pile-Saver will give you the relief you want from the pain, itch, strain, bleeding and soreness attending this distressing ailment. Get it today at any drug store. You will know why Pile-Saver is the national standard for relief.

**NEW COMPANY INCORPORATIONS**  
KEEP UP RECORD RATE HERE

Incorporation of new companies to do business in British Columbia continues at the record rate set at the beginning of Spring. To-day incorporation papers were granted at the Parliament Buildings to twenty-three companies. They are:

Murray Cameron Limited, \$25,000, Vancouver; Devine Spruce Company Limited, \$25,000, Vancouver; Explorers' Lumber and Machine Shop Limited, \$10,000, North Vancouver; Acme Pole and File Company Limited, \$10,000, New Westminster; Gordon Street Limited, \$10,000, Victoria; Colby Crane and Engineer Limited, \$30,000, Vancouver.

**QUADRA OUTSIDE TWELVE-MILE ZONE, DEFENCE CLAIMS**

San Francisco, March 12.—A vivid picture of rum smuggling operations on the coast of British Columbia, including night trips in speedy powerboats to liquor-laden crafts hovering in the vicinity of the twelve-mile limit, and shore landings of illicit cargoes under cover of darkness, was presented in the Federal court here to-day by Edward Magruder and Herbert Clance, confidential liquor runners, and witnesses for the Government in its suit involving seizure last October of the Canadian ship, the "Clance," a motor launch, carrying thirty-two defendants on a trip charged with conspiracy to violate the liquor laws.

Magruder, who was paid a flat fee of \$100 a week by Captain Samuel Terrin to bring in liquor from the Quadra, was assisted by Clance, a former powerboat pilot, who was paid \$100 a week to bring in liquor from the Quadra. Magruder testified as to his part in the same rum running operations and implicated Clance in the same. Magruder said he did not know, Magruder and Clance also told of bringing in liquor from the Malahat, another suspected rum runner.

## ROTARIANS OLD OF RECORDS HEALTH INSURANCE

Dr. George Hall to-day spoke to the Rotary Club luncheon at the Chamber of Commerce, dealing with problems of the medical profession. He pointed out that the progress of recent years has tended to socialism in human affairs, the medical profession having also experienced the drift from individualism.

He quoted authorities for stating that civilization was imperilled by too close infringement of state operation on the development of initiative in the citizen.

**WHY HOSPITALS LOSE**  
Over eighty-one per cent of the wage earners in British Columbia earned less than \$1,500 in recent years, while only two per cent received more than \$2,000, the minimum on which a family of five could be comfortably supported. These facts were pointed out by Dr. Hall to a direct bearing on the inability of some Provincial hospitals to secure payment of more than thirty-one per cent of the accounts, while in the public wards over sixty per cent of the patients were non-paying.

**FAVORS INSURANCE**  
The increasing cost of treating the sick, in hospitals, is giving the medical profession grave concern, he said, and expressed the belief that the only alternative, to the individual system now breaking down, to be institution of a health insurance system.

"One of the greatest advantages of such a plan would be the early diagnosis which would become effective," he said, "and the fact that a careful system of physical examinations would naturally follow the institution of such a plan, together with early operation in such cases as cancer, would save many lives to profitable production."

**MARRIAGE UNCONTROLLED**  
Dr. Hall gave striking data as to the number of marriages contracted by feeble-minded or criminally inclined people, and asserted that large populations of low-grade mentally were undesirable. On this question he admitted that the medical profession, at present, has no acceptable remedy to offer, but suggested that the nation could afford to bonus foreign undesirable to return to their own land, while marriage of good citizens should be encouraged.

**KIWANIS CONGRATULATED**  
The Kiwanis Club of Victoria, the Kiwanis Club on their work in aid of the Royal Jubilee Hospital extension. President Beatty pointed out that the club had contributed \$10,000 to the hospital, a feat requiring persistence, business ability and enthusiasm.

**PRIZE HOSPITAL CHIEF**  
Chairman Gordon McGregor of the Royal Jubilee Hospital Board was also warmly congratulated on the successful completion of the wing. "Much of the success of the undertaking was due to George McGregor's leadership."

**ORIENTAL QUESTION**  
Thos. Walker, Herbert Smith and Percy Watson were asked to represent the Rotary Club at a meeting called by the Native Sons for discussion of the Oriental question.

**QUADRA OUTSIDE TWELVE-MILE ZONE, DEFENCE CLAIMS**

## CORONER'S JURY OUTSIDE DEATH

**C. E. Thomas Admitted to Jail in Sum of \$4,000 Pending Police Hearing**

Charles Edward Thomas was "exonerated" by a coroner's jury sitting to-day in inquest on the remains of the late Edna Munroe, six-year-old daughter of Mr. and Mrs. Joseph Munroe, who met death from injuries sustained on the Burnside Road on Tuesday afternoon. The jury added an expression of sympathy with the parents in their sad bereavement. A verdict of accidental death was returned.

The inquest was held at the Sands Funeral Company premises under Coroner Dr. E. C. Hart. George Sage, an uncle of the victim of the accident, testified that the little girl left the house only a moment or so before the accident. He had not seen the accident.

John H. Moore gave evidence of injuries to the head. The little girl was dead when examined at the hospital. Death was due to the head injuries received.

Charles Edward Thomas, the driver of the truck, gave evidence under reservation. He made a frank statement of his share in the affair, but through H. W. Davey, his counsel, reserved that evidence from use against him at the manslaughter proceedings. Witness gave his age as nineteen years. He had driven for over four years. On the day in question he tooted the horn to warn children running at the intersection of Alpha and Burnside roads. They had been on the north side of the street.

Just before he had noticed Edna Munroe behind the gate in the property on the south side of the road. In the interim she had gained the road, and ran in front of the truck before witness could take any evasive action. He applied his brakes and swerved, but could not avert the collision. His speed was about fifteen miles an hour at the time, and the truck stopped within approximately twenty-five feet of the point of impact.

Only two possible verdicts would apply, said Dr. Hart, accident or manslaughter. To hold that of manslaughter, gross carelessness had to be shown. In this case, said the coroner, there was no evidence of undue carelessness on the part of the driver, but on the other hand there was evidence that the little girl ran across the street in the middle of the block.

Drivers of vehicles were under a duty to see that none could place themselves in a dangerous position in relation thereto, but at the same time occurrences of this nature did happen.

The jury returned after ten minutes with a verdict of accidental death, and an expression of sympathy with the parents bereaved.

Later in the City Police Court Charles Thomas was admitted to bail in the sum of \$4,000 on two sureties, pending a preliminary hearing.

**LATE MARCUS PHIPPS HAD BEEN RESIDENT THIRTY-FIVE YEARS**

Marcus George Phipps, a resident of this city for the past thirty-five years, passed away last evening at his residence, 2115 Douglas Street, at 10 o'clock, after a long illness.

Mr. Phipps was for many years in the Land Registry Office during the ministry of the Hon. Theodore Davis. He was a member of the Victoria Branch of the Royal Canadian Mounted Police and was in survey work at Telegraph Bay and at other points throughout the Province. During the past twelve years he has been associated with Stewart Williams, auctioneer.

The late Mr. Phipps is survived by his widow, one son and one stepson, also two brothers and two sisters. The remains are resting at the B.C. Funeral Chapel, where services will be held on Saturday at 2 p.m. Interment will be in the family plot in Ross Bay Cemetery.

**Alpine Club Members Were Guests of Club Director at Sidney**

About thirty members of the Vancouver Island section of the Alpine Club were the guests of Mr. J. O. Wheeler, director of the Alpine Club of Canada, at their home at Sidney, on Tuesday evening.

Mr. Wheeler, who is a member of the Alpine Club of Canada, is a mountaineer and an interesting talker, illustrated with lantern slides, on his climb over the snowfields from Mount Columbia to Mount Mealy, a total distance of twenty-five miles. Mr. C. Stewart contributed a highly descriptive paper on the Cariboo Road.

**OBITUARY**

Funeral service was held at the Thompson Funeral Home, 1214 Pandora Street, yesterday afternoon at 2 o'clock for the late Mr. Richard King, who passed away last evening at 8 o'clock, after a long illness.

Mr. King was a member of the Royal Canadian Mounted Police and was in survey work at Telegraph Bay and at other points throughout the Province. During the past twelve years he has been associated with Stewart Williams, auctioneer.

The late Mr. Phipps is survived by his widow, one son and one stepson, also two brothers and two sisters. The remains are resting at the B.C. Funeral Chapel, where services will be held on Saturday at 2 p.m. Interment will be in the family plot in Ross Bay Cemetery.

## Cougars Hold Light Workout At Calgary

Team in Good Shape for Great Struggle on Saturday Night With Tigers; No Predictions Being Made by Cougars But They All Seem in High Spirits; Record Crowd Will Witness Game, Which Should be a Thriller

Calgary, March 12.—Lester Patrick and his Cougars pulled into Calgary early this morning and will have a light workout on the ice here before turning in for a rest to-night. The Cougars will step along in another workout to-morrow and then take things easy until the call comes for them to take the ice against the Tigers on Saturday night.

The Cougars were all in good shape and are greatly pepped up over their display in Saskatoon. They are making no predictions on the outcome but they seem to be imbued with plenty of confidence. The Cougars are relying upon their stellar defense, which recently has gained great fame. They also figure that with Foryston in form they will have a great punch on their attack. The game on Saturday is creating unusual interest and a record crowd will witness the game, which will undoubtedly prove the closest and most bitterly fought of the season.

Calgary, March 12.—Another lively workout of the Tigers was held at the arena yesterday, and the boys are stepping in great form. Dutton continues his skating exercises and drags a stick around with him, but Manager Turner is forbidding him to extend his activities too much, as the injured leg is not completely mended yet, and the Tigers want the big-headed athlete in shape for to enter the championship final series.

The rest that the Tigers enjoy before going into the playoffs is just the medicine they require. The closing stages of the league schedule was trying on the team, for there was a great deal of traveling, and fights were encountered to carry the necessary points to wiggle through for top place. A big difference is already noticeable in the condition of the men, and by the close of the week it will look like a rejuvenated club.

### GARDINER COMING ALONG

Herb Gardiner, who was worried about a severe cold, is shaking it off well. Sparrow and Ernie Anderson are also feeling better after bad colds. Rusty Crawford and Harry Oliver, who have been wearing bruises for several days, are gradually working the soreness out. MacFarlane, Oatman, Mackay, and the opposition are in fit, and in workouts they are qualifying at a great clip.

Coch Oatman has been devoting much time to finishing off some smart plays around the goal on attack. He has the forwards coming in with a greater burst of speed, and has evolved an offensive scheme that is liable to cause the opposition considerable worry and if things break right should net a goal or two in the playoffs.

The ice at the arena is holding up well, and the continued chilly stretch will assure ice for the play-off here Saturday night. After the game here the Cougars and Tigers will move on to Victoria for the last draw on Wednesday. The winner will be decided on total goals, and then the Stanley Cup series for the world's championship will commence with the winners of the N.H.L. about March 23, if a prairie cold wins, and ice is available on the prairies, or March 24, if the opening is to be staged at Victoria.

### THE RINK PROBLEM

Vancouver, March 12.—Frank Patrick has left for Calgary, headquarters of the Western Canada Hockey League and the scene of the first playoff game between Victoria and Calgary Tigers.

Mr. Patrick is anxious to make definite arrangements with President Richardson, in connection with the Vancouver arena and the Stanley Cup playoffs.

Should Calgary win the finals the present understanding is that one game with the Eastern champions will be played in Calgary. If Victoria is playable, and the balance would be played in this city.

But, if Victoria wins, the intention, so far as Mr. Patrick knows at present, is to play all the games at the island capital, unless President Richardson insists on one game in this city in order to obtain entrance revenue to put the expensive series safely over the financial hurdle.

### SHARE IN FIRST THREE

Under existing Stanley Cup series rules the players share only in the first three games, and it is these fixtures from which come all the expenses as well.

Thus the overhead might be more than traffic at Victoria would bear, and Mr. Richardson, who has the final word in all these matters, may switch a game of the series to Vancouver. This, of course, is based on the assumption that Victoria beats Calgary.

If Calgary wins, Mr. Patrick expects the games here.

### Roller Hockey

Six roller hockey teams will clash at the V.I.A. gymnasium, Victoria, West, to-night. The first two teams will meet at 7:30 o'clock. The games will be as follows:

75-lbs. class—Simoes vs. Foul Bay. class, exhibition game—“Rep” team vs. All-stars. Unrestricted class—V.I. Shells vs. V.I. Wanderers.

Great interest is being taken in the game. Over 450 youngsters are taking part in the game this year. On one of the teams a boy with an injured back is playing. In another case a boy wanted to play on crutches, but the league officials would not allow him.

## Denies That Ruth Is Physical Wreck And Without Funds

Official of Yankees Brands Charges as False; Babe Due For Big Season

New York, March 12.—Babe Ruth is “far from broke” and has “at least five more years” of major league campaigning ahead of him. This was the statement last night of E. G. Barrow, secretary of the New York Yankees, made with reference to an article published yesterday by a New York newspaper asserting that the Yankees home run star is “growing old and fat,” has “nothing to show” for his spectacular diamond career, and that “his best days are behind him.”

The New York club has no facts concerning the “suit brought against Ruth, growing out of alleged racing debts,” said Mr. Barrow, “but as for the assertions that Ruth is broke and a physical wreck, I cannot deny them too vigorously. I know that the Babe has worked more faithfully this year than ever before to put himself in condition for what he hopes will be one of his best years. Witness the battle he staged with his waistline at Hot Springs.”

### HURT HIS FINGER

“He is now suffering from a slight injury to his finger, but his general condition, according to all advice I have from Manager Huggins, is excellent and there seems no reason why he should not be fit to eclipse some of the remarkable performances he has made over the past few years. As for Ruth’s financial condition, I can tell you with authority that he is far from being broke.” His yearly salary from the Yankees is \$52,000, under a contract which has two more seasons to run. Taking into consideration his earnings outside the game, I would place Ruth’s annual income at between \$70,000 and \$75,000. Under an arrangement Ruth has with Col. Rupert, president of the club, a good share of his salary is held in trust until the end of the season.

“It may be true in the past that Ruth has gambled away a good deal of his money and spent unwisely at times, but I can say that Ruth has turned over a new leaf in this respect. He does not patronize the races now.”

### THE STORY

New York, March 12.—The New York Evening World yesterday printed the following article from its special correspondent at St. Petersburg, Fla.: “Babe Ruth has very little to show to-day for his arduous years of toiling in the big leagues.”

This was in direct contrast to a talk with Ruth on the steps of the Yankee club house at Crescent Lake Park. “A country home in the shadow of the famous inn at Sudbury, Mass., where he might rest in his later years, is all that Ruth really possesses to-day, with the exception of his holdings.”

Ruth has passed the shadow line of his youth. He is growing fat and old. Youth is collecting its toll. His best days are behind him.

“During the last three seasons Ruth was known as the highest paid baseball player in the history of the game. He received \$52,000 a year.”

“The revelation of Ruth’s financial status came as a result of his being sued in New York for a racing debt incurred last summer at the tracks in and around New York.”

HEADLOCKS HURT WRESTLER Portland, Ore., March 12.—Billy Edwards, a 140-lb. wrestler, defeated Louie Pergandias, Los Angeles, here last night in a one-fall match. Edwards won by a one-fall decision. Edwards is a headlock specialist. He was unable to continue after one hour 9 minutes and 29 seconds of wrestling.

Fast Closing Rally Knocks Fidelis Out Of B.C. Championship

Y.M.C.A. Girls of Vancouver Defeat Local Champions by 14-9 Last Night

Vancouver, March 12.—In one of the most strenuous senior girls’ games seen in Vancouver this season, the Y.W.C.A. quintette last evening defeated Fidelis, of Victoria, 14-9 in the semi-final round of the B.C. basketball playoffs, 14-9.

The game was played at the Y.W.C.A. gymnasium before a small crowd, which got a great thrill out of the Y’s third and fourth quarter comeback, to overcome the small lead which Victoria established in the first half.

Both teams played throughout without making a substitution and all players were exhausted at the final whistle. Victoria had some exceptionally tough luck not to register in the last half when a number of shots rolled round the hoop. The Y team, after they had settled down, displayed a better combination game, though not so fast in their attack.

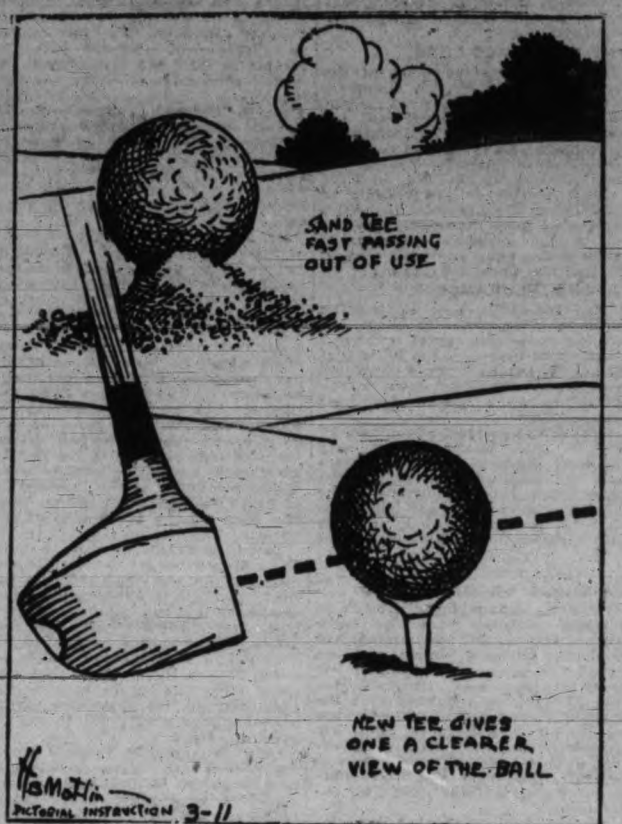

The winners will travel to Kamloops on Saturday to meet the interior winners in the finals for the B.C. championship.

Kamloops, B.C., March 12.—With five hundred wildly excited basketball fans, the Y team, after their victory last night, defeated Penitence by 15-8 in the return game of the home and home series for the interior championship. Starting with a handicap of six points Kamloops was unable to gain any advantage at half time and the final score stood 11-8 for Penitence.

## Pictorial Golf Instruction

By H. B. MARTIN

### Sand Tee Passing Out

New ideas in golf come along quite often but few ever make good. The little artificial tee has come to stay. There are several kinds on the market, including wire contraptions, but the most convenient appear to be the design in the picture.

Experts find the new tee practical and convenient, as the ball stands up better, giving the driver a clean sweep. Golfers in America are in the habit of making their own tee, but in Great Britain this is a part of the caddy’s job. The player picks out the spot and indicates where the ball should be teed with his club. Over here we prefer to tee our own ball and prefer also to have the caddy well down the course so that he can see the ball when it drops. The little ready made tee solves the problem nicely and the English can now see our way of doing it.

## Morenz Big Factor In Canadiens’ Win

Speedster Rattles in Two Goals and Gives Great Display; St. Pats, Although Beaten by 3-2, Still Have Fine Chance to Win Semi-Finals and Meet Hamilton for Title

Montreal, March 12.—The Gazette comments to-day as follows on last night’s opening National Hockey League play-off fixture which Canadiens won from Toronto St. Pats 3-2: “Howie Morenz, brilliant Canadian forward, flashes from one pinnacle of fame to another and last night rose to the highest peak in the estimation of the supporters of the world champion Canadiens when he proved the factor in Canadiens’ victory.”

“Whether by design or through sheer inability to get going, Canadiens were weak in the first period and started the second with the score one to nothing against them.”

“But it was a different team which started to take command of the play in the second period and with determined aggressive offensive swept St. Pats back in front of their own goal. Then led by Sprague Cleghorn and Morenz, they rushed in two goals to take the lead.”

“Both were scored by Morenz after a one-goal lead, but notwithstanding the fact that the Canadiens’ attack was the culmination of a Sprague Cleghorn, Odie Cleghorn, Morenz attack, while the second was earned by Morenz himself when St. Pats were short one player, the Canadiens’ flash tricking the Toronto defence and giving Roach no chance.”

“All the rest hockey of the contest was played in a very close and determined manner. Against speed and dash and the cleverness of Sprague Cleghorn, Morenz was pitted the canny backchecking of the Toronto forwards, the brilliant work of Roach and the sensational work of McCaffery and Day.”

Le Canada says: “Canadiens will play at Toronto on Friday night with a one-goal lead, but notwithstanding the fact that the Canadiens’ attack was the culmination of a Sprague Cleghorn, Odie Cleghorn, Morenz attack, while the second was earned by Morenz himself when St. Pats were short one player, the Canadiens’ flash tricking the Toronto defence and giving Roach no chance.”

“All the rest hockey of the contest was played in a very close and determined manner. Against speed and dash and the cleverness of Sprague Cleghorn, Morenz was pitted the canny backchecking of the Toronto forwards, the brilliant work of Roach and the sensational work of McCaffery and Day.”

## Great Surprise Is Sprung By Bays In Hayward Cup Match

Scored 2-1 Victory Over Teamsters; Played Nine Men Throughout Whole Game

Was First Game in Series to Decide Holder of Trophy; Bays Win Unexpected

One of the biggest surprises in Wednesday football was sprung yesterday when the Hudson’s Bay with a nine-man team scored a 2-1 victory over the fast-stepping Teamsters, Wednesday League champions in first game of the series for the Hayward Cup. All through the game the Bays were two men short but they secured a lead in the first half and held it until the end of the game. Great credit is due to Percy Shrimpton for the Bays’ fine win. The little goalie, was in his usual great form and many a shot that looked like a goal was either flatted out or sent whizzing over the crossbar. On more than one occasion Percy was forced to come out of his goal in order to save, but he seemed to have the number of the Teamsters forwards and robbed them of goals every time. This is the second time this season that the Drivers have been defeated. Towards the end of the regular Wednesday League schedule they fell by the wayside at the hands of the Tillamooks.

### TEAMSTERS OPEN STRONGLY

At the start of the game the Teamsters went on the attack and Shrimpton was peppered with shots from all angles but he cleared them in fine style. The Drivers had most of the play except for occasional break aways on the part of the Bay forwards. Shrimpton made a fine save of a shot from Hay when he hurled himself at the ball and knocked it to the side of the goal.

At this stage of the game the Bays broke away, carrying the ball to the other end of the field. Addie netted their first goal when he drove the ball into the net from the right wing.

The Teamsters soon had the ball in the Bays’ goal area again and during a scrimmage in the goal mouth Shrimpton was knocked out but soon came to and resumed his duties.

Right after the kick-off in the second half Hagen hotched the dejected Teamsters’ goal. The ball was sent in a long shot that completely fooled Lovatt, the Teamsters’ goalie. The ball just scrapped under the crossbar and the Bays were able to bring the Drivers to their senses and they settled down but the Bays played a strong defensive game in an effort to hold their advantage.

About half-way through the half the Teamsters netted their lone counter when McKinnon centred nicely and Hay drove into the net. For the remainder of the half the Teamsters tried every trick they knew in an effort to score but the final whistle blew with the Bays on the long end of the score.

Oliver handled the whistle and the teams were as follows: Hudson’s Bay—Shrimpton, Gardiner, McKay, Woodley, Cull, Hagen, Addie, Stewart and Tooby.

Teamsters—Lovatt, Newman, Gilbert, McKinnon, Tuppen, Stewart, Adams, Speak, Hay, Hawkes and Davis.

## Draw is Announced For Semi-finals of Scottish Tournament

Glasgow, March 12.—The draw for the semi-finals of the Scottish Football Association Cup, announced here yesterday afternoon, was as follows: Rangers vs. St. Mirren, or Celtic, at Hampden Park, Glasgow; Hamilton vs. Dundee, at Edinburgh.

The semi-finals will be played off on March 21.

## Poland and India Send in Entries For Davis Trophy

New York, March 12.—Poland and India have been entered for European tennis in the Davis Cup tennis competition.

These entries bring the number of entries up to twenty-one, two less than last year. The lists will close Sunday. Word has been received that South Africa will be unable to participate.

Canadiens evened the score at 6-6. Sprague Cleghorn led a rush, passed to O. Cleghorn, and Odie sent Morenz away clear and the count was one-all.

Adams broke away but was tripped by “Billy” Boucher. Canadiens were solving the St. Pats’ defence better. Corbeau prevented Morenz scoring by tripping and received his second penalty of the evening. While he was off, Morenz took a pass from Mantha and put Canadiens ahead, 2 to 1, just as the period ended.

McCaffery tricked his way through the defence, early in the final session and battled the puck at the net. St. Pats’ goalie claimed a goal but it was not allowed. The Toronto players advanced three abreast but a sure looking goal. Sprague carried the puck to the other end and gave Boucher the opening to make the count 3 to 1 for the locals. But the advantage went back to one goal after the face-off. Adams culminated St. Pats’ rushes by beating Vezina from close in and making the count 2 to 2 for Canadiens. Coutu and Adams followed one another to

## Big Question In O. C. Football Not Settled

Season Has But Seven Weeks to go But There is no Indication Yet as to Which Clubs Will Win Various League Titles or Which Others Will Suffer Relegation or Promotion; Saturday’s Games Crowded With Interest

With less than two months to go before the season closes, interest in Old Country football circles is keener than ever. In no division of the league have the all important questions of championship and relegation been settled yet, although it would seem almost a foregone conclusion that Preston North End must pass out of the First Division for at least one season while present indications would point to West Bromwich Albion as likely to annex the championship of that division; but there is a stiff programme to be faced within the next seven weeks and with a number of other clubs treading close behind the leaders cannot afford to make any slips at this stage of the game.

The Second Division sees a great fight for promotion waged chiefly between three clubs, Derby County, Manchester United and Leicester City. The first named is at present heading this division with Manchester United and Leicester close on their heels. Derby County seem to have a good chance as either of the teams immediately above them in the class, but here again the stiff holiday programme at Easter will play a big part in the fortunes of the clubs seeking promotion.

In the Third Division (Northern Section) West Ham United have a commanding lead just now, but have shown some rather indifferent form of late and will have to continue to make every effort for maximum points. There is a much keener fight in the Southern Section of the Third Division, where Swansea Town is making the pace with Bristol City keeping close up. The Welsh team seems to be more consistent than any of its rivals and may succeed in increasing the number of Welsh clubs in the higher ranks of the football world.

INTERESTING PROGRAMME A full programme of league matches is set down for decision on Saturday and the First Division programme is particularly interesting.

Birmingham should manage to extract full points from Manchester United although the latter named are by no means to be despised. The unfortunate Villa team plays Bolton Wanderers at Burnley Park and will do exceedingly well if they can take even one point from the fast stepping “Trotters.”

Newcastle chance of gaining two valuable points as a result of their visit to Turf Moor where Burnley furnishes the opposition. On present form, Newcastle should have little difficulty in defeating Notts Forest, who are in anything but an enviable position just now.

Leeds United are at home to Sheffield United and with the latter having a strong interest in the ultimate destination of the English Cup, the home eleven should win.

LIVERPOOL NEED GAME Preston North End receive Liverpool at Deepdale. The latter has had excellent success in the play-off and the suspension of two of its best half backs for a period of six months has put a crimp in its championship aspirations. However, they badly need the two points on Saturday and may be depended upon to do all in their power to win, as a loss Saturday would mean a likely end to the run for possible championship honors.

Sunderland and Bury at Roker Park will provide one of the titbits of the day, while Tottenham and Huddersfield will draw a large crowd to White Hart Lane where it is not unlikely the visitors will win. West Bromwich should strengthen their hold on the league leadership as the result of Blackburn Rovers’ visit to one Haworth Road.

LEICESTER MAY WIN Leicester should have little difficulty in extracting two valuable points from Fulham at Leicester, but Manchester United has a difficult task on hand with Portsmouth at Old Trafford.

Derby County visit Southampton and will have a play hard the full ninety minutes to even obtain one point.

The full list of fixtures is as follows: DIVISION I Birmingham vs. West Ham United, Bolton vs. Villa, Bury vs. Newcastle United, Cardiff City vs. Notts Forest, Leeds United vs. Sheffield United, Preston North End vs. Liverpool, Sunderland vs. Bury.

Tottenham vs. Huddersfield Town, West Bromwich Albion vs. Blackburn Rovers.

DIVISION II Chelsea vs. Blackpool, Clapton vs. Bradford City, Coventry vs. Barnsley, Crystal Palace vs. South Shields, Leicester City vs. Fulham, Manchester United vs. Portsmouth, Oldham vs. Middlesbrough, Watford vs. Port Vale, Southampton vs. Derby County, Stoke vs. Wolverhampton Wanderers, Stockport vs. Hull City.

Vancouver Oarsmen Reach Seattle For Race With Varsity

Seattle, March 12.—Four Vancouver boat clubs oarsmen and a coxswain arrived in Seattle yesterday with started training for their race with the University of Washington four on Lake Washington Saturday morning. The international race will be the feature performance of the annual intramural regatta in which four class crews compete for honors, also.

CALGARY CAPITALS VICTORS Blairmore, Alta., March 12.—Calgary Capitals last night won the juvenile hockey championship of Alberta by defeating Blairmore here 6-5 in a sudden death game.

## AT THE THEATRES

**"OH, YOU TONY"**  
IS NEW SHOW  
AT THE COLUMBIA

Tom Mix, the William Fox screen star, whose latest William Fox picture, "Oh, You Tony!" at the Columbia this week, comes forward with a little wagger that he has in his following of cowboys the best "hoofers" that ever tapped a toe to "Turkey in the Strain." Between scenes during the making of that picture on the William Fox West Coast Studio lot, the Mix cowboys went into action for the benefit of other actors on the set and spectators.

"I'll put that bunch of buck-and-wingers up against any of 'em on the West Coast," Tom declared after they had danced the harmonica player off his stool. "And I'll bet

attention has been given by Director Handley Wells to the arranging of this special programme, which should prove to be one of the best concerts given by this popular aggregation to-date. For the comedy sensation "The Sky Plumber," Mack Bennett's latest misadventure, the orchestra will render a programme of snappy and entrancing dance melodies, including some of the latest hits direct from Broadway. Special mention must also be made of the orchestral specialty number to be featured between the two evening shows, which will be a cornet solo by Wm. Davidson. Among the many favorites to be played by the orchestra to-night are: "Doo Wacks Doo," fox trot; "Too Tired," fox trot; "When the Shadows Fall," waltz; "The Storm," fox trot; "Peter Pan," fox trot.

**DENNY ADDS ANOTHER  
TO HIS SUCCESSES  
WITH "OH, DOCTOR"**

Reginald Denny has added another triumph to the list of his screen achievements by his work as star in "Oh, Doctor!" Universal Jewel, now showing at the Capitol Theatre.

But the public who has acclaimed, not only his humorous personations, but his rapid-action readiness, is due for a shock when he is introduced as an invalid whose principal activities consist in taking his own temperature with a clinical thermometer and drawing the stoppers from various bottles containing nostrums guaranteed to cure, no matter what the ailment. "Oh, Doctor!" is the screen version of the famous story of the same name written by Harry Leon Wilson and Denny has the part of Rufus Billings, Jr.

Denny's characterization of this young hypochondriac is one of the best things he has ever done. In the latter part of the story it is the Denny of "Sporting Youth" and other vigorous action pictures that is on the screen, directed by Harry Pollard, and he achieved something worth while, as he has in the other Dennys which he has directed. The supporting cast is a fine one and includes such widely known screen players as Otis Harlan, William Mong, Tom Ricketts, Lucille Ward, Mike Donlin, Clarence Geldert, Blanche Foy, George Kuwa, Martha Mattox and Helen Lynch.

**ZANE GREY FILM  
DRAWING CROWDS  
AT DOMINION**

The popularity of Zane Grey productions is being attested by the large crowds that are attending the Dominion Theatre nightly to see the latest of the Zane Grey super-attractions, "The Thundering Herd," starring Jack Holt and Lois Wilson. Critics have acclaimed this picture as the greatest of the Zane Grey productions. Certainly the massive buffalo stampede is a thing that has never been shown on the silver sheet before, it is a thrill that will never be forgotten. The stellar cast in this attraction are of the highest calibre, and are deserving of the highest praise possible.

The comedy attraction, "The Sky Plumber," is convulsing the house every evening. The Dominion International News is of exceptional interest this week, and among the many topics are some very fine scenes of the attempted Floyd Collins Rescue and Sand Cave, Kentucky.

She Advises All Persons Who Suffer From Diabetes and Kidney Trouble to Use Them.

Herbertville, Que., March 12 (Special).—I have found your Dodd's Kidney Pills excellent. For ten years I have suffered from diabetes and pains in my kidneys. I have consulted many doctors. I have had their treatments without results. They told me my case was incurable. I had heard of Dodd's Kidney Pills and I decided to give them a trial. I took several boxes and my health seemed to improve.

I continued taking them and to-day I am quite well. I can eat anything I wish. I always keep a box of Dodd's Kidney Pills in the house and if my kidney trouble reappears I take a few and the trouble disappears. If anyone suffers from diabetes or bad kidneys they should take Dodd's Kidney Pills.

This statement is sent to you by Dan E. Guay of this place. Dodd's Kidney Pills will relieve kidney trouble no matter where or in what form it is found. (Advt.)

## A SECTION OF THE FINE OPERATING THEATRE

**"KING DODO" IS  
GREAT HIT AT  
PLAYHOUSE HERE**

"King Dodo," the successful musical comedy now being presented at the Playhouse by the Frank Morton Company, is one of the biggest laughing hits ever presented in a local theatre. Mr. Morton, who is seen as the Merry Monarch, is at his best this week, and keeps his audience in a continual uproar. Costuming, settings, music and interpolated specialties are unusually good, every number calling for encores at each performance. "The Eternal Three," a powerful story of modern society, is the screen feature, with Hobart Bosworth, Claire Windsor, and Raymond Griffith in the leading roles. This programme will be presented to-night and tomorrow, with the usual Saturday matinee, underlined for next week, is "Fifty Miles from Broadway," to be presented by the Morton Company.

**PAUL SLOANE MAKES  
DEBUT AS DIRECTOR  
IN "MAN MUST LIVE"**

On his first day as a motion picture director, Paul Sloane, veteran scenario writer for Paramount, had no less than twenty-seven actors, actresses and extra people working on his set at Famous Players Long Island studio. The scene was for "A Man Must Live," adapted from I. A. R. Wylie's "Jungle Law." Besides Richard Dix, the star, and Miss Jacqueline Logan, Mr. Sloane had the following assortment of character "bits" to handle: ambulance surgeon, nurse, prima donna, Oriental dancer, seven chorus girls, two waiters, six-piece negro jazz band, Oriental dancer, two men donkey act, stage manager and cabaret proprietor.

All of which constitutes a mammoth day's work for the most hardened old-timer. Yet Mr. Sloane, with a pipe firmly clenched between his teeth and rarely raising his voice above a conversational tone, put his people through their paces like a veteran.

"It comes natural," Sloane observed when the day's work was done. "After ten years of writing and observing in a motion picture studio, I ought to know a few of the ropes."

Edna Murphy, George Nash and others prominent on both stage and screen appear in the cast of "A Man Must Live," which is being shown this week at the Coliseum.

**"THE ONLY WOMAN"**  
SHOWING AT CAPITOL  
ALL NEXT WEEK

Norma Talmadge and Thomas Meighan both have roles in "The Only Woman," Norma's latest First National photoplay.

Meighan, who was last seen in "The Heart of Wetenah," recently arrived in Los Angeles and came over to Norma's set to visit with her. Director Olcott immediately fixed Meighan up with a job.

Norma was making a scene aboard a yacht and Meighan became a member of the crew. Meighan jumped into his role with such great fervor that Olcott told him to sit around and let him build your bit up into a good part.

"The Only Woman" is Norma's first photoplay since "Secrets." Reversing the theme of a parent's sacrifice for a son or daughter, "The Only Woman" tells the story of a girl who surrenders herself in marriage for her father's sake.

Eugene O'Brien has the leading male role. The picture will be at the Capitol Theatre next week.

**NURSERY IS PUT  
NEAR COURT ROOM**

Honolulu, March 12.—Establishment of a nursery on the third floor of the Federal building here, close to the portals of the United States district court, for infants whose mothers are being tried on prohibition charges, is advocated by Judge William T. Rawlins.

Recently five Japanese women attended court, each with an infant in arms or one hanging on her skirts. They were only witnesses, but often, court attaches say, women convicted of bootlegging appear for sentence with five or six young children, claiming parenthood of them all and pushing them forward in a plea for mitigation.

New York, March 12.—Alanson B. Houghton, United States Ambassador to Germany and the new Ambassador to Great Britain, who arrived yesterday on the Aquitania, emphatically denied to interviewers that munitions were being stored in large quantities in Germany.

"Here or there," he said, "may be found some crazy men or a few radicals who have stored a hundred or more guns, but I can say that substantially, Germany is unarmed."

**D'ALVAREZ WILL  
SING IN CITY  
ON APRIL 18**

Famous Peruvian Mezzo  
Contralto Recently Completed English Tour

Marguerite D'Alvarez, the Peruvian mezzo contralto, who will sing here on April 18 at the Royal Victoria Theatre is a great favorite with the British public, attracting large crowds to her annual London appearances. After a recent recital at Queen's Hall the critics of The Morning Post said that her singing "looked like the glorious singing with something more than regret—in fact with grief, for she presents vocal standards that are met with on occasions that are like angels' visits, few and far between." P. Gilbert Webb, noted critic of The London Musical News and Herald, said of her performance that "it was not so much the rich tones of Mme. D'Alvarez's voice as the subtle variety of timbre which was in concord with the sentiment, and sometimes conveyed an inner meaning greater than the actual significance of the words."

The veteran critic, W. J. Henderson of The New York Sun, wrote after her last New York recital, "When Mme. Marguerite D'Alvarez gives a song recital the avenues leading toward the scene of her activity are not empty. People crowded the sidewalks last evening, pushing their way to Town Hall, where the distinguished singer presented a characteristic programme, varied, pregnant, absorbing." Pitts Sanborn of The Telegram and Mail said, "She sang LaChaveure as not another woman dares to sing it. It stood out as a sculpture moulded in smoking lava."

**Views Stated on  
Copyright Law**

Ottawa, March 12 (Canadian Press).—The rights of Canadian authors, publishers and printers and the effect of the proposed new copyright legislation on their interests by a repeal of the present licensing clauses, were the subject of testimony before a special committee of the House of Commons yesterday morning. The evidence produced a diversity of opinion.

Edward Beck, representing the Canadian Pulp and Paper Association, maintained that the existing law granting the right to print the work of a Canadian author which had not been printed here on payment of a royalty should continue. It would assist the paper industry and give employment among other reasons.

Dan A. Rose, printer and publisher of Toronto, addressed the committee in support of the retention of the clauses

### Last Minute News on Stocks and Financial Affairs

New York, N.Y., March 12 (By R. P. Clark and Co. Limited)—The market generally was much improved to-day and in several specialties, substantial price gains were recorded. The trend of values was not strictly uniform, there being a few heavy spots in the market.

The general run of standard shares, while displaying considerable firmness, were also rather reluctant, and many of the floor professionals exhibited a desire to follow the selling side of the market on small bulges. The general run of news during the day carried no particular significance. There is a better feeling around toward the rail shares and it looks as though the technical position in this department has been corrected to a sufficient degree to warrant looking for opportunities in the purchase of shares when the market fully rights itself, this group will be more prominent on the bull side.

New York, March 12 (By R.C. Bond Corporation's direct wire)—The Wall Street Journal stock market section after the usual daily developments in to-day's session went far toward confirming the impression that the irregularities recently seen in the general list represented nothing more than corrective processes in preparation for further advances. Flushed with success in St. Paul, bearish operators looked around for another vulnerable spot, finally devoting their attention to American Wool. Instead of upsetting the whole market, but merely checked the wool to the lowest levels it has seen since 1918, exercised scarcely more than a transitory influence on the rest of the list. Confidence was restored in the speculative market by the convincing fashion in which the whole market rallied in Wednesday's late trading. Additional encouragement was supplied by Secretary Hoover's statement that business conditions were never more favorable, and further recovery was scored through the general list in the early dealings.

Rock Island was an outstanding feature of the rally, rebounding to new high ground on the rally at 5 1/2% in belated response to the road's acquisition of the Cotton Belt. Southern Pacific moved up a point to 10 1/4%, reflecting belief that this system eventually will take over the Rock Island or enter into a leasing agreement with it. Resumption of buying by interests responsible for the principal accumulation in Chicago and Eastern Illinois preferred caused the stock to spring three points to 63. This purchasing was based on the belief that the strategic position of Chicago and Eastern Illinois will mean an attractive price for its shares under consolidation programs now being worked out. Under the tentative grouping plan outlined by the Interstate Commerce Commission, Chicago and Eastern Illinois is placed with Missouri Pacific. But several months ago testimony submitted before the L.C.C. President Rea of the Panna stated that his road would prefer to take over the Chicago and Eastern Illinois rather than the Chicago and Alton, which had been placed with it in the tentative plans for consolidation outlined by eastern trunk line interests buying the stock except Chicago and Eastern Illinois to be split up between the Panna and the Missouri Pacific.

Stocks were unsettled in the early afternoon by a further drop in American Wool, which reached its lowest price since 1918 at 4 1/4%. This decline was ascribed to Boston reports of a new woolen combine of New England manufacturers to compete with American Woolen. Crucible moved into new high ground at 7 1/4% on heavy buying by Foster & Adams. This house has a branch office in Victoria and the company headquarters are located there. Its operations in Crucible are usually credited to insiders.

C. D. Harner & Co. and other houses with Philadelphia wires, were active buyers of Reading, which started 3 1/2 points to 7 1/4%, leading a rally in the general list.

One of the big Broadway commission houses which has been an active factor in rail shares since the beginning of the current bull market, leaves that bearish influence of the St. Paul issues on other carrier shares has spent itself. "No matter what happens in the rail situation from now on," this firm says, "rail stocks readjusted their technical position with the result that St. Paul is not the factor that it was ten days ago." This firm's view of the action of western Pacific directors in declaring a special cash dividend in addition to a stock dividend is certain to renew demand for rail stocks in general, and especially those issues where dividends are known to be under active consideration. Wabash preferred "A," Texas Pacific, St. Louis Southwestern, New Orleans, Texas and Mexico, Southern Pacific and later New York Central are issues we expect will receive favorable dividend action. These are some of the factors which may induce further advances in the general market certain when preparations for such advance have been completed.

### CHICAGO GRAIN

Chicago, March 12 (By R. P. Clark & Co.)—Wheat—Late liquidation has been a big factor to-day with a heavy tone, especially in the new crop months, in which there was also a lot of local selling. The cables were suspiciously strong this morning, but did not induce much buying. Export buying was reported of small proportions in spite of the decline and local sales were small also. Rains were forecast for Kansas and Nebraska, but the market was not affected. The market was quiet and the weather condition will be important in the May the declines appear to bring out but little liquidating pressure, and the trade is largely professional, which will mean quick reversals of the trend. Would like to see a better export demand before becoming aggressive on the buying side.

Corn—Offerings have been large, and while the market was given support for a time, the pressure became too great and the crop loss selling too much for the bulls. The cash de-

# TELEPHONE YOUR CLASSIFIED ADS. TO 1090 TIMES—WE WILL DO THE REST

## MUTT AND JEFF

WELL, AUGUSTUS MUTT, HERE YOU ARE A PORTER IN THE WHITE HOUSE AND THE INAUGURATION ONLY TWO DAYS AWAY! SOFT!

THIS AIN'T THE MOST DIGNIFIED JOB IN THE WORLD, BUT IT WILL ENABLE ME TO GET A CLOSE-UP OF CAL TAKING THE OATH OF OFFICE!

NOW, CAL, JUST LISTEN TO ME A MINUTE!

PEOPLE LIKE A DISPLAY OF PEP! WHEN YOU WALK OUT TO TAKE THE OATH—

WALK OUT LIKE THIS! SNAPPY AND YET DIGNIFIED LIKE! A REGULAR GEORGE M. COHAN ENTRANCE! GET ME?

## Mutt's in Washington to Lamp the Big Show on Wednesday

(Copyright 1924, By H. C. Fisher. Trade Mark Reg. in Canada.)

## Victoria Daily Times

Advertising Phone No. 1090

**RATES FOR CLASSIFIED ADVERTISING**  
Situations Vacant, Situations Wanted, To Rent, Articles for Sale, Lost or Found, etc., 15¢ per word per insertion. Contract rates on application.  
No advertisement for less than 15¢. Minimum number of words, 10.  
In computing the number of words in an advertisement, estimate groups of three or less figures as one word. Dollar marks and all abbreviations count as one word.  
Advertisers who so desire may have replies addressed to a box at The Times Office and forwarded to their private address. A charge of 1¢ is made for this service.  
Birth Notices, 15¢ per line. Marriage, 25¢ per line. Death and Funeral Notices, 15¢ per line. 25¢ for two lines.

## Births, Marriages, Deaths

**DIED**  
BUTTERFIELD—On March 11, at the family residence, 475 Obed Avenue, James Butterfield, aged 47 years. The late Mr. Butterfield is survived by his wife, Mrs. Mary Louise, three sons and one daughter.  
The funeral will take place on Friday, March 12, at 2:30 o'clock, from St. Martin's Church. Rev. Canon Storken will officiate and the remains will be laid to rest in the Royal Oak Burial Park. No flowers by request.

**CARD OF THANKS**  
Mrs. Randall and family wish to thank the many friends for their sympathy and floral tributes during their recent bereavement, also the Chief Petty Officers of the Royal Naval Barracks and members of Lodge, A. E. & A. M. who conducted the funeral services.

**FUNERAL DIRECTORS**

**OSTEOPATHIC PHYSICIAN**

**DR. V. B. TAYLOR**, general practice. Special attention to finger surgery of the eye, ear, nose and throat. 404 Pemberton Building. Phone 288.

**PHYSICIANS**

**DR. DAVID ANGLIS**—Women's disorders specialty. 22 years' experience. Suite 404 Pantalone Bldg., Third and University Streets.

**PUBLIC WORKS DEPARTMENT**  
Notice Regarding Discontinuing and Closing Portion of Sherringham Point Road.  
Notice is hereby given that, under the authority conferred by Section 11 of the "Highway Act," Chapter 103 of the "Revised Statutes of British Columbia, 1924," it is the intention of the undersigned, after thirty (30) days from date to discontinue and close the Sherringham Point Road from its intersection with the new private road to the Light-house in Section 82, Renfrew District, westerly to its intersection with the west boundary of said Section 82.  
W. H. SUTHERLAND,  
Minister of Public Works,  
Department of Public Works,  
Parliament Buildings,  
Victoria, B.C., Jan. 24, 1925.

**FOR Sale**—Lots 4 and 5, W. Victor, between Denman and Bay Streets, and part of Lot 25, E. Moss, between George Street and Clifton Avenue. For particulars apply to W. G. Cameron, City Land Commissioner, City Hall, Victoria, B.C.

**"GOVERNMENT LIQUOR ACT."**  
Notice of Application for Beer License.  
NOTICE is hereby given that on the 15th day of March, 1925, next, the undersigned intends to apply to the Liquor Control Board for a license in respect of the premises being part of the building known as the Esquimalt Hotel, situate at 615 Pioneer Street, in the Municipality of Esquimalt, Province of British Columbia, upon the lands described as Lots 44 and adjoining lands, particularly described in Absolute Free Parcel Book Vol. 2, Folio 189, Number 2824, in the Victoria Land Registry Office, in the Province of British Columbia, for the sale of Beer by the Glass or by the open bottle for consumption on the premises.  
Dated this 10th day of February, 1925.  
THOMAS JAMES BRUNDSON,  
Applicant.

**GOVERNMENT LIQUOR ACT.**  
Notice of Application for Beer License.  
Notice is hereby given that, on the 15th day of March next, the undersigned intends to apply to the Liquor Control Board for a license in respect of premises in a building situate on northeastern part section 24, Otter District, Map No. 17655, in the Land Registration District in the Province of British Columbia, for the sale of beer by the glass or by the open bottle, for consumption on the premises.  
Dated this 8th day of Feb. 1925.  
R. M. KING, Applicant.

**STENOGRAPHERS WANTED**  
MALE Clerk Stenographer, National Defence, Esquimalt. Salary \$500. Civil service examination March 14. For particulars apply to Rev. Dr. Campbell, 1115 Port Street, Victoria.

**COAL MINERS HAVE ACCEPTED WAGE CUT**  
Denver, Colo., March 12.—Because of the competition of other coal-producing districts and with the aim of increasing the working time of the mine workers, the Colorado Fuel and Iron Company to-day announced a twenty per cent. reduction in the wages of its employees in the Walsenburg mining district, effective March 16. The wage reduction, affecting 1,200 men, was brought about through an agreement between the management and the employees.  
Further reductions of the wage scale in other mines operated by the Colorado Fuel and Iron Company were indicated to-day by the officials of the company.  
Officials of the company expressed the opinion that the reduction of the wage scale might be followed by a lowering of coal prices.

**SILVER FOX FARMERS IN OLD COUNTRY**  
London, March 12.—British farmers are watching with much interest the experiments which are being made here in an effort to make silver fox farming in Great Britain a paying industry.  
Farms have been started at Alnham in Scotland, and Oxfordshire and Bexhill-on-Sea. What effect this move will have on the price of silver fox fur in Great Britain cannot at present be stated, but it has been proved during the last fifteen years that the best and most costly examples of the silver fox are those of animals bred in captivity. The foxes have been brought here from Canada.

**GETS SALARY INCREASE**  
Sir Samuel Hoare, whose salary is being raised from \$15,000 to \$25,000, the amount paid other cabinet ministers, recognition being thus given to the importance of Sir Samuel's duties, which include control of the air force.

## BUDGET SPEECH IN ALBERTA LEGISLATURE

Edmonton, March 12.—In his annual budget speech delivered in the Alberta Legislature yesterday afternoon, Hon. R. G. Reid, Provincial Treasurer, forecast a deficit of \$285,637 on general revenue account for the year 1925. The deficit last year was \$289,841.  
Mr. Reid announced the intention of the Government to re-enact in a different form the mineral tax which was disallowed by the Federal Government last year, but no item is included in the estimated revenue for this tax.  
"We are confident," said Mr. Reid, "that the natural resources can be more economically administered by the Provincial than by the Dominion authorities. It will be your duty to see that these resources are conserved and developed to the interests of the people." Features of the budget speech were:  
Estimated increase in revenue for 1925, \$778,347.  
Estimated increase in expenditure and controllable expenditures between 1924 and 1925, \$1,177,864.  
No new tax methods forecast.  
Mr. Reid pointed out that the direct and contingent liabilities of the Province now on account of railways was approximately \$1,000,000. Every year the Province had to provide a sum of \$750,000 to meet interest charges alone on this debt. As the railways were to be regarded as colonization lines and were operating at a loss, it was to be expected these interest charges would increase. The interest charges had been one of the largest items which had made the balancing of the budget difficult.

**PUBLIC DEBT**  
Mr. Reid stated the net increase in the public debt during 1924 had been \$5,135,262. The main capital expenditures of the year were as follows:  
Public buildings, sites and public works, \$1,525,206.  
Advances to railways, \$1,583,169.  
University of Alberta refunding loans, \$2,026,887.  
The annual increases in public debt since 1921 had been as follows: 1921, \$18,094,924; 1922, \$8,215,539; 1923, \$6,993,317; 1924, \$5,135,262.

Mr. Reid quoted the total value of coal production for the past year at \$19,101,299, a good showing considering the fact that fifty per cent. of the miners had been on strike from April to October. There had been a production of 1,192 barrels of petroleum, worth \$8,177, and 7,100,000 cubic feet of natural gas, valued at \$1,850,900.

Production of structural materials during the year were valued at \$1,790,000. The total mineral production therefore was \$22,149,065, compared with \$21,257,536 for 1922.

## PLANES CONTROLLED BY WIRELESS SYSTEM

London, March 12.—Certain residents of the south coast of England were much astonished when an air force flying machine fell into the ocean and the authorities showed no undue anxiety about the fate of the pilot who, it was assumed, was aboard. After a while air force men put out in a skiff and towed the fallen plane to shore. The secret then leaked out that the machine had been without a pilot and that the accident was brought about by the plane passing beyond the radius of the wireless controlling force.  
It was then learned for the first time that the planes seen for many weeks past circling in the air over this territory had all been without pilots. The control was by radio from a shore station.

## PARK CONFERENCE IN SOUTHERN U.S.

Jacksonville, Fla., March 12.—Data on state parks in the south and plans of various states for development and maintenance of systems of state recreation grounds are being gathered for the National Conference on State Parks by Raymond H. Torrey, field secretary of the organization. This information is to be used in advising other states of the ways and means used in establishing, maintaining and administering state park systems.  
Mr. Torrey, speaking of his labors, declared one of the objects of the survey was to induce states in which are located military reservations which the United States War Department wishes to dispose of, to take over these tracts for outdoor recreation purposes. There are many such tracts, he said.  
The National Conference on State Parks is composed of executives, technical experts and supporters of state park systems from states which already have public outdoor recreation spots.

## AMSTERDAM PLANS GREAT CELEBRATION

Amsterdam, Holland, March 12.—Great preparations are afoot to celebrate the six hundred and fiftieth anniversary this year of Amsterdam's status as a city. It was in the year 1275 that the municipality received its first charter as such from Floris V, Count of Holland.  
The centre of attraction is to be an exhibition in the famous Ryks Museum and the City Museum of all paintings, prints, sculptures and other works of art having relation to Amsterdam during the past six-and-a-half centuries.  
In addition to such famous Rembrandts as "The Night Watch" and the "Anatomical Lesson," many others by the same master will be brought from Paris, Berlin and other European capitals, having been temporarily loaned for the occasion.

## NEW PENALTIES FOR OFFENCE OF BLACKMAIL

London, March 12 (Canadian Press cable)—In the course of the debate in the House of Commons following the announcement by Sir William Joynson-Hicks, Home Secretary, that he was seriously considering drastic new penalties, including flogging, for blackmail, Commander Kenworthy, Liberal, sug-

gested the Home Secretary should confer with the newspaper authorities with a view to preventing the publication of the details of crimes. George Lansbury, Labor, said it was not the newspaper editors or proprietors who wanted correcting; it was the British public, who liked to read "filth." Lansbury expressed his complete opposition to the practice of flogging.

## GENERAL RAILROAD STRIKE IN GREECE

### Country Now Cut Off From the Rest of Europe, States Dispatch

Athens, March 12.—The general railroad strike in Greece which began last Saturday, and which has cut off Greece from rail communication with the rest of Europe now is jeopardizing relief operations of United States workers.

Charles Howland of New York, chairman of the Refugee Settlement Commission, and other members of the commission, who left Athens for Macedonia, were stranded at Larissa when the crew of their train joined the strike.

The Government sent a special train guarded by troops to rescue them.

## LEGAL SERVICES IS PROMISED FOR CLUB MEMBERS

### Automobile Club Will Discuss Problems at Vancouver on Monday

The executive of the Automobile Club will hold a meeting in the Vancouver Hotel on Monday evening, at which time a large number of matters of importance to the motoring fraternity will be discussed. The Victoria representatives on the board are Col. A. W. R. Wilby, vice-president, and Messrs. H. Cuthbert Holmes and H. Despard Twigg, M.P.'s.

One of the most important items on the agenda is the proposal to provide free legal service to members. Heretofore the club has furnished legal advice through the past president, P. G. T. Lucas in Vancouver and Sydney Child in Victoria. These two gentlemen have very graciously given their services to the club in the past. It is now felt that owing to the increased membership the club should retain counsel in all the larger centres, who will attend the automobile court for the purpose of defending members who may be charged with infractions of the Motor Vehicles Act or traffic regulations.

In order to provide this service, however, it will be necessary to retain a very large membership and the board is hopeful that if it is introduced as a feature of the club service that the membership will be doubled in a very short time.

While a great many motorists are not familiar with the activities of the club, it is a recognized fact with those who do know of its work that motoring conditions would not be nearly as acceptable to the motor-owning public generally as they are if it were not for the accomplishments of the club.

Al over the world, wherever motors are in use there are automobile clubs engaged in the protection of the interests of motorists and in the promotion of legislation, roads and so forth for their benefit.

Through the affiliation which exists between these clubs an influence is established second to none, and when matters affecting the operation of automobiles are under consideration by legislative bodies, the club is a most important factor in any decisions made. Victoria motorists are gradually coming to realize the importance of the club, more so since the formation of the one provincial club, and the number of new members is growing each month.

The automobile club acts as a clearing house for all matters connected with the operation of automobiles. The club office is at 1008 Broad Street, and the secretary, R. R. Webb, or B. Harvey Jr., who is in charge of the membership, will be glad to have anyone call who is interested in finding out more about the club or who has any motoring problem.

**MAY GET \$20,000,000**—George Campbell Carson, self-styled "desert rat," miner and inventor, whose claim for royalties on a copper ore smelter have been upheld by the U.S. courts. It is estimated that Carson, who is now all but penniless, should be able to collect \$20,000,000 as the result of his legal victory.

## Firemen Asking Increase in Pay

Vancouver, March 12.—Application of the firemen of Vancouver for an all-round increase in salaries was referred to a special committee by the city fire and police committee yesterday.

The schedule asked for is as follows: Captains, \$132.50 per month; firemen with two years' service, \$115.50; firemen with one year's service \$110; beginners, \$110.

### Quick Starting SHELL GASOLINE

## REVIEWS HISTORY OF B.C. SURVEY

### Chief Geographer Aitken Gives Interesting Talk to Engineers

An outline of the phases of surveying which have taken place in British Columbia since its early settlement was given in the course of the most interesting talk to the Victoria branch of the Engineering Institute of Canada by G. G. Aitken, Chief Geographer of the Province of British Columbia, last night.

The earliest surveys referred to were those of Capt. Vancouver, who, when sent by the British Government to attend the apology of the Spaniards at Nootka, for the arrest of Capt. John Meares, made the first reputable survey of the coast of British Columbia from Juan de Fuca Strait to Queen Charlotte Islands. Reference was made to the journey made by Alexander MacKenzie from Athabasca to the Pacific coast.

The next phase referred to was that following the discovery of gold on the Fraser River in 1858, when the company of Royal Engineers, under Col. R. C. Moody, was sent by the British Government for the threefold purpose of assisting to maintain law and order, to build roads and trails, and to carry out the survey requirements of the colony.

This phase was followed by that of the construction of the Canadian Pacific Railway, when the necessity for finding the best route for this line caused surveys to be made of the main passes through the Rockies and alternative routes to the coast. The survey of the main line of the Canadian Pacific Railway was the first standard survey connection with the prairie land survey system of the Dominion Government and the British Columbia coast surveys.

**SYSTEM OF PRAIRIES**  
The system of surveying used in the prairie provinces of Canada and Western United States—that of ranges and townships to define farm and timber lands—was considered unsuitable for the type of physiography of British Columbia. The surveys in the Province were not laid out in any regular pattern, but simply followed the choice pieces of land as they were selected and pre-empted.

A brief description of the type of land, timber, mining and topographical surveys was given, also the difficulties in controlling the survey boundaries of land and timber areas to avoid conflicts of boundaries in collections of surveys, and the benefit which had taken place with the introduction of the standard base map system in the survey branch some three years ago.

**DEVELOPMENT**  
It was then explained, in connection with the publication of the new commercial and visitors' map of Southwestern British Columbia, which is in course of printing, that one of the features of this publication was the display, on a portion of the back of the map, of comparative geographical tables giving authentic figures showing comparative progress with, as far as possible, the four states of Washington, Idaho, Oregon and Montana.

These tables cover the phases of development of our natural resources. This study has been based upon the history of the development of the natural resources of an older country, having types of population, climate, area, physiography, geographical advantage, and natural resources similar and comparable to those of a younger country.

**CLIMATIC ADVANTAGE**  
Comparison was first demonstrated by slides showing the physiographical relief of Southwestern British Columbia and of Washington and Oregon. The area and physiography of British Columbia were shown to be practically the same as those four states; with the climate in British Columbia lay some slight advantage.

Slides of the comparative tables were then shown covering population, climate, mining, grazing, railways, agriculture, labor, forestry, fur bearing animals, education and finance.

**COMPARISON**  
Analysis was made of the table of

population showing that where the population of British Columbia was slightly over 500,000 to-day, it is the same population as was in the four northwestern states about 1885, whereas their present population is given at over 3,000,000. In other words, it has taken them forty years to attract and assimilate a population of 2,500,000. The question then is, whether, with the emigration situation as it is now, and the transportation and communication advantages which are now possible, it will take British Columbia a longer or shorter period to equal the population increase as carried out in the States of Washington, Idaho, Oregon and Montana, between 1885 and 1925.

Further comparisons were made of seven countries of Europe (Great Britain, Ireland, Belgium, Holland, Switzerland, Denmark and Sweden) with a combined area less than British Columbia and yet with a population of roughly 75,000,000. It could be said that climatic and physiographic conditions to which the people of these countries are accustomed, are reflected in British Columbia, etc.

**COMPARATIVE TABLES**  
The percentage of population classed as "city and urban" and that classed as "rural," were shown to be practically the same in ratio as the "city and urban" and "rural" population of the four northwestern states. Further analysis was made of the comparative tables covering climate and grazing.

The comparative tables shown on the screen open up a very interesting study. These are to be printed, together with other special information, on the back of the new map of Southwestern British Columbia. No doubt they will suggest interesting comparative geographical study with regard to the development of the Province.

## SCHOOL BOARD IS AGAIN IN HARMONY

### Trustee Litchfield Withdraws Resignation and Resumes Labors

Trustee H. O. Litchfield last night resumed his seat at the City School Board and withdrew his resignation, tendered recently after the board had, by a four-three vote, pronounced the buildings and grounds estimates by a general cut of five per cent., or slightly over \$700.

Trustee Litchfield entered the board-room after being notified of the unanimous adoption of the following resolution:

"Resolved, that the action of the board at the last regular meeting in making the five per cent. cut on the total amount of the building and grounds committee's estimate, in the feeling of the board, does not in the slightest reflect on the chairman of the committee or the members of it, and further resolved that it is the request of the board that Trustee Litchfield withdraw his resignation and that the building committee carry on as at present constituted."

**GAME LAW MEN ARE TO HOLD CONFERENCE**  
Winnipeg, March 12.—Alberta has endorsed the proposed conference of game law officials of Canadian provinces and adjoining states. J. H. Evans, Deputy Minister of Agriculture, announced to-day, Manitoba, Ontario and Minnesota have already endorsed it. Ontario has been asked to support the scheme. It is sought to provide adequate machinery for mutual protection and control of game on inter-provincial and international border lands and to prevent breakers of the law seeking immunity across these borders.

Pioneering in "Darkest Africa" will be the subject of an address which H. Maers will give to the members of the Congressional Young People's Department on Friday evening March 13. Mr. Maers has spent several years engaged in missionary work in this part of Africa, consequently his knowledge was gained by personal experience. Among the many interesting experiences which will compose his talk is the manner in which he had to learn the native language, put it into writing form and thus translate the scriptures.

**BOY WAS WOUNDED**  
South Vancouver, March 12.—With a bullet wound in the abdomen, alleged to have been caused through the accidental discharge of a revolver in the hands of George Stobb, his schoolmate, Bernard Brynson, fourteen, was taken to a hospital last night. An operation was immediately performed and the bullet extracted. The boy is expected to recover.

## TEMPLE IS FOUND IN ANCIENT BURIED CITY

### Archaeologists Tell of Discovery of Structure in Ur of the Chaldees

Philadelphia, Pa., March 12.—The monthly report of the joint expedition of the British Museum and the University of Pennsylvania Museum excavating at Ur of the Chaldees, received yesterday, makes known the finding of another temple in the buried city of Abraham in Babylonia.

According to the report of C. Leonard Woolley, head of the expedition, the temple lies close to the Ziggurat, or Tower of Ur, and inscriptions on bricks and stones prove it to be "that of Nin-Gal, the great lady, wife of the Moon God of Ur."

The building occupies the whole of the south corner of E-Temen-Ni-Il, the terrace enclosure of the Ziggurat.

**LAPORTE URGES NATIONAL UNITY**  
Toronto, March 12.—Outlining the tenets of Liberalism here last night, Hon. Ernest Laporte, Minister of Justice, emphasized the need for national unity that the various parts of Canada should be welded into a harmonious whole. Not strife, not hatred, not quarrels would make Canada a great nation. There must be justice and tolerance, a willingness to grant to others that one claimed for himself. He said he had surrounded faith in what the Liberal Party could accomplish.

## ADVISED AGAINST DRINKING OF LIQUOR

### Dry Squad Operatives Should Consume But Little, Says Vancouver Magistrate

Vancouver, March 12.—With the comment that dry squad operatives should consume as little liquor as possible in securing evidence of bootlegging, thus eliminating the possibility of their condition being raised as a point of contention, Magistrate Shaw, in police court here yesterday, dismissed the case of Angelo Marti, charged with selling intoxicants.

In announcing the dismissal, Magistrate Shaw declared the case resolved itself into oath against oath. The evidence of S. N. Berry, alias Sam Nelson, a former operative, held as a material witness, and who at a previous hearing gave testimony alleged to be in direct contradiction to a written report made to his superior officers, was not to be considered, the magistrate stated.

He was not judging the evidence of Stevens, an operative, to be false, but in view of his evidence that eight dollars' worth of beer and whiskey had been consumed by the operatives and a few others on the premises, he was inclined to accept the statement of the accused in denial of the charge.

## You Must Be Sure - And You Can

Baby is too precious for food experiments. Nurse him if at all possible but if you cannot, put him on Eagle Brand at once and BE SURE his food is right. Highest medical authorities have endorsed Eagle Brand as the SAFE infant food when Nature's supply is not available. Hundreds of thousands of mothers have successfully reared their babies on it since 1857.

No matter how young baby is he will like Eagle Brand. It is absolutely pure, always the same in quality, and easily digested by the most delicate infant. Its preparation is simple and it keeps wholesome for a long time after opening the can if a glass is placed over same.

## This Helpful Book Is Free
